

Our Story

We are changing
the conversation on
consulting.

PLASTER GROUP

BUSINESS AND TECHNOLOGY CONSULTING

What are you solving for?

The heart of management consulting is solving significant business problems that will optimize business performance tomorrow. We want to partner with you to do more.

Our Mission

TO BE AGILE AND INNOVATIVE

The idea behind Plaster Group was to create an agile and innovative consulting company – one that strives to equally engage the client, the consultant and the community.

Our clients want a partner who delivers high quality work by challenging the status quo and offering solutions and insights that are not only impactful but lasting.

Our consultants desire challenging, interesting work with the opportunity to grow professionally in their careers and hone their expertise.

Our community improves with business partners who continuously engage with the intent to contribute to the betterment of society.

Lean Approach. Maximum impact.

@ Plaster Group we believe in integrity, collaboration and innovation.

Our Difference

We subscribe to the idea of lean consulting. Our general approach and application methodologies are fine tuned to provide maximum impact for clients.

We focus on you with the intent to maximize the business potential of your operations. In applying a wide range of methodologies, tools and techniques to provide services to our clients, we aim to achieve significant, sustainable advances in performance. Lean is our difference.

Enabling our clients to achieve more.

Working
with
Plaster Group

Knowledgeable

+

Pragmatic

we are exceptional
problem solvers.

We assess the situation from the client's perspective and become a steward for their success.

We pride ourselves on completing each consulting project on schedule and within budget, while dedicating rich knowledge and experience to solution architecture which improves and optimizes business performance long after the engagement is over.

The notion that 'good consulting' should
be **transformative** is paramount
for us.

Our Offerings + Philosophy

Ensuring that our work remains transformational well after we have finalized an engagement is truly what sets our consultants apart from the competition.

Agile Transformation

Dedicated to providing Agile methodology implementation and support tailored to fit the businesses we serve.

Business Solutions

Focused on combining capabilities across project and program management, technology implementation, and operational excellence to provide flexible and scalable solutions .

Business Intelligence

Focused on leveraging the depth of business intelligence, data warehousing and analytics experience that our senior consultants bring to the table.

Product Management and Marketing

Dedicated to guiding our clients during the product lifecycle with the intent to unlock consumer insights and align product vision with market momentum.

Our company culture is based on investing in our people.

Working
for us

Our company culture is based on investing in our people, providing opportunities for professional growth, and setting up everyone for success.

We take special care to align each consultant's unique style with a client who will appreciate everything the consultant brings to the table.
